to service**

# ROOTSMATIC - E 350

## Scrubber-Drier for effective floor cleaning

Presenting Rootsmatic E 350 - a compact, robust and handy scrubber drier with two counter rotating brushes, designed for effective cleaning of floors and joints. It has two squeegees with independent suction for both wet scrubbing and dry cleaning, both in forward and reverse directions. Needs only limited space for storage and transport as the operating handle is foldable. An ideal machine for commercial and industrial cleaning.

### Features:

- Twin cylindrical brushes for optimum cleaning of structured floors.
- Easy and quick brush replacement.
- Portable solution tanks eliminate the need for buckets and pipes for filling or emptying.
- Small size enables the machine to clean restricted spaces and under furniture.
- Optimal utilisation of squeegees for effective suction.

| Technical Data                     | Units             | E 350      |
|------------------------------------|-------------------|------------|
| Working width                      | mm                | 350        |
| Effective suction width            | mm                | 450        |
| Working speed                      | km/hr             | 4          |
| Theoretical area performance up to | m <sup>2</sup> /h | 1400       |
| Vacuum                             | mbar(mmWC)        | 186 (1860) |
| Pump discharge                     | l/min             | 0.22       |
| Air flow                           | m <sup>3</sup> /h | 167.6      |
| Nominal Voltage, Frequency         | Volt/Hz           | 230/50     |
| Capacity brush motor               | W                 | 600        |
| Capacity suction turbine           | W                 | 850        |
| Capacity pump                      | W                 | 16         |
| Machine capacity (max)             | W                 | 1466       |
| No. of brushes                     | Nos.              | 2          |
| Brush revolution                   | rpm               | 650        |
| Brush pressure                     | kg                | 21.5       |
| Brush diameter                     | mm                | 100        |
| Tank volume - Fresh/dirty water    | Litres            | 10/11      |
| Sound level                        | db (A)            | 73         |
| Transport dimensions(l/w/h)        | cm                | 68.5/47/55 |
| Empty weight                       | kg                | 38         |
| Weight, ready for operation        | kg                | 48         |
