

# V-AIR® SOLID

MULTI-PHASING PASSIVE AIR FRESHENER WITH  
SUB-MICRON FRAGRANCE TECHNOLOGY

## Features and Benefits

- **VOC exempt**

V-Air® SOLID is completely free of any solvents, propellants, HFCs and harmful volatile organic compounds (VOCs).

- **Sub-micron technology**

V-Air® SOLID particles enable superior fragrance delivery, yet are sized typically below 1.0 micron. This means they are much smaller and lighter than the particles in other fragrance systems, remaining airborne for many hours.

- **Multi-phasing**

The V-Air® SOLID ceramic capsule is infused with high quality perfumes, then complemented by an integrated internal fragrance core. These combine and diffuse powerful key fragrance notes that are subtly different.

- **Just three parts**

The technology behind V-Air® SOLID is packed into one powerful refill component, so we've done the hard work for you – no fuss, just fragrance. A fully recyclable retaining clip attaches the refill to the dispenser.

- **No liquids**

V-Air® SOLID contains no liquids so won't spill, even if it is knocked over.

# V-AIR® SOLID

MULTI-PHASING PASSIVE AIR FRESHENER WITH  
SUB-MICRON FRAGRANCE TECHNOLOGY

## Product Specifications

### Dimensions:

182mm (h) x 72mm (w) x 70mm (d)

### Fragrance life:

Fragrance life of up to 60 days  
(compared to typically 30 days for an  
aerosol refill).

### Coverage:

Coverage of up to 6,000ft<sup>3</sup> / 170m<sup>3</sup>.

### Universal fit:

Designed to fit into most similar existing  
passive dispensers.

## Product Codes

VAIR-1W:	V-Air® SOLID Dispenser (White)
VAIR-1C:	V-Air® SOLID Dispenser (Chrome)
